## Recommendations so good, it's reading your mind!

BookPsychic is your patrons' crystal ball. The more they rate, the better their recommendations become! The more they discover, the more your collection circulates.

- BookPsychic only recommends items in your library's collection.
- Patrons can log in to save their recommendations and keep track of rated items.
- Patrons get new recommendations when they visit or by email.
- Recommends books, eBooks, audiobooks and DVDs.
- Comes with quality preset genres, like "Mystery," "Young Adult" and "New Fiction." Customize them to your library's needs and collection.
- Embed recommendations in your OPAC. Launch from there or your homepage.
- Based on over 200 million datapoints, from readers on LibraryThing and elsewhere.
- Integrated with Twitter and Facebook.
- Patrons can import their OPAC checkouts, and ratings from LibraryThing, Goodreads and others.

BookPsychic is available early Q2 2012, and can be used alone, or together with other LibraryThing for Libraries enhancements. Installation is easy and permits extensive customization.
